You may trade with another district, but it is the District Chair (or their appointee) to provide an athlete for versatility in the event listed above. The event descriptions will be posted on Thursday Morning. The event is scheduled to take place on Friday Evening, beginning at 8:45 pm. The idea is that someone already present at PNWIC would fill this slot.

Since many district chairs are also coaches, please look at your entire district of representation to make your selection – or institute a draw process or points previously obtained process to select your athlete. To the athletes, this is a big stage, they'll want to know selections had a process. Thanks!
